## Questions Received

### LED Responses

- 1) I represent a small Louisiana veteran owned consulting company. As there is no pre-proposal conference, can I ask that our company LaVET Consulting be included as a potential subcontracting partner in any of the addendums?**

It is up to the proposer to determine whether it will use subcontractors to perform tasks necessary to complete the RFP. Proposers seeking to utilize Veteran and Hudson Initiative Program participants may find a current list of Veteran-Owned and Service Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship may be obtained from the Louisiana Economic Development Certification System at:

- 2) I work with the regional economic development organization that supports Monroe and Shreveport. I understand that LED issued an RFP to develop the aerospace recruitment strategy in north Louisiana. Is this a document that our organization can disseminate to firms that might be interested in applying? I presume this is a public document for dispersal. NLEP does not want to violate any of the RFP requirements or process, so would like to confirm.**
